CAREER OBJECTIVE

Seeking a challenging position where I can utilize my training and experience to contribute to innovative projects, driving the success of the organization through strong analytical abilities, problem-solving skills, and dedication to continuous learning.

EXPERIENCE

SAP LMS and SPCDP Associate

Mar 2024 - Present

Accenture

- Actively contributed to the implementation, testing, and support of SAP Learning Management System (LMS) and SAP Succession planning and career development (SPCDP).
- Conducted system testing to identify and resolve issues, ensuring optimal performance and user satisfaction.
- Assisted in the successful implementation of SAP LMS and SPCDP solutions, aligning with client requirements and organizational objectives.
- Prepared comprehensive training documents using SAP Enable Now to facilitate user onboarding and operational efficiency.

INTERNSHIP

• Web Developer intern in Zettabyte Softtech

It is a 2 months internship with a team of 4 members where we developed different web pages on Digital signal processing using html,css and javascript.

PROJECTS

Satellite image segmentation

it is the final year project of btech where we as a team of 4 member developed satellite image segmentation for land cover and use,using unet model.

Smart blind stick

it is a minor project where we as a team of 4 members built a prototype of automatic blind stick

Digit Classification using CNN algorithm

the duration of this project was around 2 months where we trained the model using datasets and the output worked with more than 98 percent accuracy.

SKILLS

Programming Language	Python,C
Database	SQL
Web Technologies	HTML, CSS
